Commissioner for Patents

Sir:

This communication is responsive to the Office Action of October  
19, 2005.

In the Office Action the Examiner indicated that the present invention contained several species of the invention and requested to elect a single disclosed species. With the present communication applicant elected for further prosecution the species directed toward Figure 1, and the subsequent species of Figure 3, and Figure 6.

It is respectfully submitted that claims 1, 2, and 3 are generic to all the species disclosed.

It is further respectfully submitted that claims 7, 8, 9, and 11 are specific to the elected species.

It is therefore respectfully requested to prosecute the above listed claims.

If a generic claim is finally held allowable, it would be requested to allow all other claims as well.

Consideration and allowance of the present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawings be further amended or corrected in formal respects in order to place this case in condition for final allowance, then it is respectfully requested that such amendments or corrections be carried out by Examiner's Amendment, and the case be passed to issue. Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing this case to allowance, he is invited to telephone the undersigned (at 631-243-3818).

Respectfully submitted,
